I. Remarks:

1. This curriculum is applied to students admitted in Academic Year 2015
2. Credit hours of each course (or total) are marked with “credit/hour.”
3. Courses of inter-disciplinary programs offered by other departments shall be regarded as elective professional courses of the department.
4. Military Education has become elective courses since Academic Year 2011. The credits are not counted to meet graduation requirements. The courses shall be offered based on practical needs.
5. The course of English Training shall be handled in accordance with the regulations governing undergraduate students’ exemption of English training courses of the University.
6. Elective courses: the courses listed in the table are planned courses, which will be offered based on practical needs.
7. For other instruction on course selection, students must follow “Course Selection Guidelines” of the University.

II. Requirement for graduation:

1. The minimal credit number for graduation is 128: (1) 29 credits of University required common courses (including General Education Core and Entention courses) (2) 21 credits of College required common courses (3) 49 credits of department required professional courses (4) at least 29 credits of department elective professional courses (A maximum of 8 credits of from elective professional courses offered by other departments will be recognized.)
2. Students are required to complete the courses of at least one program at the University. (Students may also fulfill the requirement by completing the courses of a module or a track and obtaining a certificate at the department.)

3. Students admitted since Academic Year 2013 are required to complete at least one long-distance course in order to graduate.
4. General Education Core I to V do not have to be taken in sequence. Two to three courses are offered for each core. Students may take a course in each category and acquire 10 credits in total. Courses offered are as follows :
 - General Education Core I : Reading of Humanistic Masterpieces; Introduction to Artistic Creativity
 - General Education Core II: Sociology and Contemporary Society; Management and Knowledge Economics
 - General Education Core III: The Laureates of Nobel Prizes; Modern Issues of Technology
 - General Education Core IV: Taiwan Society and Culture; History of Modern Western Civilization; Introduction to Philosophy
 - General Education Core V: Democracy and Law; Modern Civil Consciousness
5. General Education Extension are separated into three categories—society, humanities, and technology. Students must take three courses for 6 credits.
6. Physical Education is a required course in the first year. The credits are not counted to meet graduation requirements. Students who fail in the course are not allowed to graduate.
7. Students admitted since Academic Year 2013 must obtain a certificate of English proficiency equivalent to TOEIC 400 for graduation.
8. Practicum outside the campus is a University required course and shall be handled in accordance with “National Kaohsiung University of Applied Sciences Regulations Governing Students' Practicum outside the Campus.”
